

THIS WHISKEY ISN'T FOR EVERYONE.

LIMITED EDITION BLACK-LABEL BOTTLES RANDOMLY INSERTED INTO OUR PROHIBITION PROOF CASES.

Our limited edition black-label Prohibition Proof Bourbon (109 proof, \$199 SRP) shares the same UPC and wholesale price as our blue-label Prohibition Proof Bourbon but carries a higher retail value. Check your cases for one of the 552 randomly inserted black-label bottles.

Broadstreet Infamous Prohibition Proof Bourbon and **MATTHEW KIICHI HEAFY**, frontman for *TRIVIUM*, present a *limited barrel select* built for true originals. Featured by *VICE* as one of the heavy metal bourbons worth raising hell over, this limited release delivers rich layers of dark cherry, vanilla, warm spice, and caramel in every bold sip.
